## What Are Seca Farms CBD Gummies?

Seca Farms CBD Gummies are edible supplements infused with cannabidiol (CBD), a compound derived from hemp plants. Unlike THC, CBD is non-psychoactive, meaning it does not produce a “high.”

These gummies are designed for individuals who prefer a simple, tasty, and discreet way to consume CBD without using oils or capsules.

## **How Do Seca Farms CBD Gummies Work?**

CBD interacts with the body's endocannabinoid system (ECS), which plays a key role in maintaining balance in various bodily functions.

The ECS helps regulate:

- **Mood**
- **Sleep**
- **Pain perception**
- **Immune response**

By supporting this system, CBD may help promote relaxation, reduce discomfort, and improve overall well-being.
